Profile

I am a programming enthusiast with a passion for acquiring and imparting knowledge. I firmly believe that continuous learning and knowledge sharing are fundamental to professional development. With over 4 years of experience, I possess advanced skills in Angular, React, Salesforce, and Java. I am known for my excellent command of communication, interest in understanding people's processes, and readiness to assist them in any need.

Professional Experience

Intern, **IBM**

Minas Gerais, Brazil 08/2022 - Currently

- Working as a Salesforce Developer, positively impacting the team's results and customer satisfaction.
- Working as a QA (Quality Assurance) in Salesforce, ensuring excellence and quality of the code developed by the team and delivering demands before the established deadlines.
